

WHOLE BODY VIBRATION

WORKING TOGETHER FOR  
SHOCK MITIGATING SOLUTIONS

# LT SERIES

ERGONOMICALLY DESIGNED JOCKEY SEAT

# LT SERIES

## Shock Mitigation

Features WBV's OMEGA Shock cushion inserts.

Dual air spring and velocity-sensitive damping.

FOX Float 3 EVOL QS3 shock absorber (higher performance).

Available with DNM Shock Absorbers also.

## Construction & Durability

CNC machined 6061-T6 aluminum spine and body with A4 316 stainless steel fasteners.

Anodised aluminium with colour options (N.B. subject to order).

In-house designed internal bearing system using high-load yachting hardware.

Rigorously tested on water, and on Sea Sure's ISO drop test rig.

LT SERIES

The WBV LT series is a high-performance seat designed to meet demanding requirements.

It was selected for use on the American Magic America's Cup chase boats.

American Magic, America Cup Chase Boat.
